

Personal Safety Coaching

Training for Everyday People

In today's modern age, there are numerous threats facing everyday citizens. Residential burglaries, strong-arm robberies, kidnappings, active shooters, and sexual assaults are just a few facing nearly every community. These crimes are becoming more commonplace, regardless of where you live or work. With shrinking budgets and rising crime rates, local law enforcement is becoming overwhelmed and cannot always be there to protect you and your family. Standards Training & Consulting provides the tools, resources, and education to help address and effectively deal with many issues facing everyday people in their quest for personal protection. The following are some of the courses and services offered:

- "ALICE" Violent Intruder / Active Shooter Training
- Safety Assessments and Target Hardening
- Personal Safety Routines
- Crime Prevention Measures
- Situational Awareness
- Criminal Behavior Recognition
- Rapid Decision Making
- Tactical / Crisis Communication
- White Collar Crime Prevention
- Family Safety Plans
- Children Safety and "Stranger Danger"

Standards Training & Consulting offers topic specific coaching and training, as well as personalized curriculum to expand the knowledge and skills of you and your family to effectively operate and stay safe in an ever-changing world of crime.
